Filed: March 15, 2004

For: SUBDIVIDING A DIGITAL DENTITION MODEL

The owner, Align Technology, Inc., of one-hundred percent (100%) interest in the instant application hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application, which would extend beyond the expiration date of the full statutory term **prior Application No. 09/264,547** as the term of said prior patent is defined in 35 U.S.C. 154 and 173, and as the term of said **prior Application** is presently shortened by any terminal disclaimer. The owner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and the **prior Application** are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of the term of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 173 of the **prior Application**, "as the term of said **prior Application** is presently shortened by any terminal disclaimer," in the event that said **prior Application** later:
